Partitioning Systems

Any kind of space however small can make you money. Old barns, warehouses, carparks, fields, disused outbuildings or yards. Any unused space no matter how large or small. We have the storage solution to suit your needs.

With our in-house roll former we can easily meet the demand and manufacture up to 150 panels per hour. Using our unique 4D partition system will also give you excellent strength and durability.

We offer our own purpose made, high quality corridor panels and swing doors.

Another mezzanine floor under construction

Mezzanine Floors and Unique Stairway Systems

With over 30 years experience in designing and installing mezzanine floors. We are specialists in double deck and moving stairs, unique lifting and slide away stairs.

- Full design
- Traditional and lightweight mezzanine and racking systems
- Moving stairs, fixed or lifting
- Ultra thin mezzanine available

140 car, 1st floor private showroom

Eco Projects/ Solar Installations

With the experience of many successful solar panel installations you can be assured that we have the expertise to enable you to take advantage of the cost-saving benefits that solar energy can bring. We have also installed charging points for electric cars at several locations.
